Down-town District to Put On Holiday Attire During This Year's Wistaria Fete

Flags, Shields and Greenery To Be Used as Beautifying Agents

Council Asked to Formulate Ordinance Against Dead Citrus Trees

If plans discussed at the meeting of the board of directors of the Chamber of Commerce, Monday night, are carried through, down-town Sierra Madre will present a gala appearance during the coming Wistaria Festival. During the past years in which thousands of people have journeyed to this city to see the giant vine at the Fennel home, no effort has been made to "dress-up" the business section of the city, except to place a few flags along the streets. This year, not only will the merchants be asked to use the flags already in existence here, but additional flags and decorations will be purchased to be suspended from trolley guywires along the thoroughfares leading to the vine. Shields of appropriate design will also be used. Owners of date palms are requested to withhold trimming these graceful trees until the time of the fete, so that the fronds may be used to beautify telephone poles and light standards. It is probable that the committee in charge will also urge special window and store-front decorations during the period.

In the discussion it was pointed out that for a comparatively small sum, decorations of a permanent nature can be secured, and used for other events in the future. Joe Eastwood, president of the Chamber of Commerce, appointed W. R. Humphries, Chas. E. Klunk and Bob Davies as a committee to take charge of the decorative plan.

The resignation of Miss Elizabeth Steinerger as a director, representing the P.T.A., was read and accepted with regret. Miss Steinerger, principal of the local grammar school, stated that her resignation was offered because of conflict between school board and chamber of commerce meetings. Mrs. Henry Olsen was appointed by the P.T.A. as representative on the board from that organization.

Secretary R. C. Copenhaver read an announcement of the meeting of the Association of City Planners, to be held Feb. 8, Monrovia Woman's Club. H. O. Gierlich of Monrovia and Winfred Scott of Sacramento will be the speakers. The public is invited to the meeting.

Mrs. Fred Griebenow, chairman of the art committee of both the Chamber of Commerce and Woman's Club, made a report of her activities in regard to the establishing of an art gallery in the city hall. The report will be found in another column.

A communication from Mrs. A. A. Halsey, chairman of the garden section of the Woman's Club, asked co-operation in arranging a series of local gardens that may be opened for inspection during the Wistaria Fete. A great deal of interest in a few of the local gardens was manifest last year, and it is planned to open as many as possible to the public during the coming festival. An itinerary will be prepared, guides provided and home owners will probably act as hosts to the visitors. The location of each garden would be designated by appropriate signs, and "welcome" signs will appear at the entrances to many attractive homes, forming a happy relief from the "no trespassing" signs that greet visitors in so many California communities.

Mr. Humphries was appointed to cooperate with the Woman's Club in making arrangements. J. C. Heasley and J. E. Carpenter were appointed as a committee to investigate the feasibility of placing an attractive legend concerning the city, at the two main boulevard entrances. They will also investigate the cost of neon signs to replace the present electric signs placed at Baldwin and Sierra Madre Avenues. The Automobile Club sign-posting department will be consulted in regard to placing signs on the Foothill Boulevard directing traffic to Mount Wilson and Sturtevant Trails, both of which start in Sierra Madre.

A motion was made and carried to recommend that the city council make a change in present (Continued on Page Two)

Fire Destroys Old Ranch House Built By Hastings in '82

The Sierra Madre Fire department was called to a fire on the Hastings Ranch, just west of the city limits, last Friday noon, but could be of no service because of lack of water connections, Chief Richards stated.

Besides, the call which was relayed through Pasadena, came too late. A passenger on the street car saw the old ranch house, established in 1882, on fire and reported it at Pasadena when she arrived there.

The original old ranch house and the bunk house were both completely destroyed. The house had been occupied by some Mexican laborers on the ranch and Mr. Richards stated that the fire probably was caused by a box stove being overheated.

Pilgrim Mission States Purpose In Locating In City

"Our Pilgrim Mission is located in Sierra Madre for the express purpose of bringing to the people of the town the John Wesley doctrine of salvation and Entire Sanctification," says Christopher Stone, pastor.

"We believe that nothing short of an entire consecration really satisfies the true believer.

"We do not desire to oppose other churches but we wish to pass on the good news of God's deeper work to all who will hear."

Ladies Of Temple Beth Israel Will Give Package Party

The Ladies Auxiliary of the Temple Beth Israel of Sierra Madre will give an entertainment and package party on Sunday Evening, February 23, at 5 P. M. at the Masonic temple, 33 E. Central Avenue. All are cordially invited. A delicious buffet supper will be served.

To Establish Art Center In City Hall

Mrs. Fred Griebenow Makes Interesting Report of Activities

That Sierra Madre is soon to have an art museum second to none of the smaller communities is the news carried in the report of Mrs. Fred Griebenow, chairman of the art committee, to the chamber of commerce Monday evening. Mrs. Griebenow is also chairman of the art section of the Woman's Club, and it is due to her original idea that the tie of a local art gallery first took shape. The aid of the city council was first solicited in the matter and the consent of that body to house the gallery in the city hall was obtained. Picture mouldings will be placed in the near future and pictures by a number of local artists will be hung in time for a first showing during the Wistaria Fete, which will occur in March.

It is the intention of Mrs. Griebenow and her committee to establish a permanent exhibit, and to exchange pictures with other art galleries from time to time. Lecturers will be brought to the city and talks on art appreciation will be given.

The plan of establishing small art galleries in various communities has long been the vogue in Europe, according to Mrs. Griebenow, but until recently the habit in America has been to establish art centers in the great cities, only. This habit is undergoing a change and in the next few years a number of small galleries will come into existence, permitting a much larger number of people to enjoy the works of art that are being produced in this country. Sierra Madre is particularly fortunate in being the home of a number of artists of first rank, and the local gallery will undoubtedly become outstanding.

According to present plans, a public reception will be held at the opening of the exhibit.

NEWSPAPER ADS CALLED BULWARK IN TRADE SPEECH

"Increased and more efficient advertising is the certain way to increase sales in 1930, and this year, as always, newspaper advertising will form the bulwark of our demand-creating campaigns," District Manager S. D. Kellner, with headquarters at Seattle, told a regional sales convention of The Paraffine Cos., Inc., at the Benjamin Franklin Hotel in Seattle recently.

"We find that newspaper advertising is one of the most economical mediums to sell merchandise at the minimum cost," he explained. "We have every expectancy of securing an increased sales volume from every territory during the coming year. Our nation is prosperous, and the institutions that aggressively and intelligently go after business have every assurance of finding 1930 their banner year."

Monrovia Marriage Bells Ring

Dale Langley and Kathryn McIntyre Are Joined In Wedlock

Friends in this city were both surprised and delighted early in the week to learn that Dale Langley, son of Mr. and Mrs. Alvin Langley of Sierra Madre, and Miss Kathryn McIntyre of Monrovia, were united in marriage Saturday, at the Baptist Church in Monrovia. Only the immediate relatives of the young couple were in attendance as Dr. H. H. Hulten read the marriage vows.

Following the ceremony the groom's parents gave a dinner in the private dining room of the Aztec Hotel for members of the wedding party. The table decorations were of pink and white sweet peas in the center of the table, with two large pink candles lighted at either side of the centerpiece.

The bride is the daughter of Mr. and Mrs. J. R. McIntyre of Porterville, Cal., and a graduate of the Monrovia high school. She is well known in the younger social sets of Monrovia and Sierra Madre and very popular.

The groom graduated from the Frank Wiggins trade school in Los Angeles, and is at present employed as a linotype operator on the Daily Californian in Inglewood. Dale is a young man of much ability and fine character and the newly weds enter their marital bark with the best wishes of a host of friends.

Guests at the wedding ceremony and the dinner following were Mr. and Mrs. J. R. McIntyre of Porterville, Mr. and Mrs. Langley, Mrs. Martha Guthrie of uncle Indiana; Miss Sarah McIntyre of Los Angeles, Miss Clara McIntyre and Mr. Abe Collins of Monrovia, Mr. Donald McIntyre of Porterville, and the bride and groom.

Governor Appoints Sierra Madre Man On High Committee

E. W. Camp, an attorney of Los Angeles, but who has recently returned to Sierra Madre to make his home, has just been appointed by Governor Young as a member of the Constitution Committee to study the matter of revising the California State constitution. In November voters will be asked to approve the calling of a constitutional convention.

Mr. Camp is living in the John Osgood house on West Montecito after an absence of several years from Sierra Madre. He has held many high offices in the state, county and city, such as president of the Los Angeles County Bar Association, and president of the Los Angeles City Club.

At one time he was chief counsel for the Santa Fe Railway and was state assemblyman. When he was formerly a resident of Sierra Madre Mr. Camp served as a member of the city council and chairman of the water committee.

Kiwanis Club Gets Report Of Services

Ray Grant Tells About Convention of the District Trustees

The main topic of the Tuesday meeting of the Sierra Madre Kiwanis Club was the report of Ray Grant upon the District Trustees' meeting held at Santa Cruz recently. Mr. Grant was the representative of the Sierra Madre Club at that session, when "Pat" Millikan of Los Angeles, was officially installed as District Governor of Kiwanis.

Ernest ("Sunshine") Lucas, field representative for the Pacific Coast region, and who organized the local club three years ago, was present at the meeting here Tuesday, and gave a delightful talk.

He says Kiwanis stands for three things: (1) While it is not a civic organization, it really gets behind all worthwhile civic movements. In some clubs, membership in the Chamber of Commerce is a pre-requisite for a membership in Kiwanis. (2) It is not a secret society with grips and pass-words but it strips the veneer from the members and lets them see each other as they really are. (3) Kiwanis is not a religious organization with its business the saving of souls, but it cooperates with the church by helping to make men's souls worth saving.

Several local Kiwanians attended the district convention held at Monrovia Thursday evening of this week.

Pasadena Pupils Exchange Ideas With Local Class

Miss Pitts of the Jefferson School, Pasadena, brought her 6A class to Sierra Madre to spend Wednesday afternoon with Mrs. Wheeler's 6B class. The Pasadena class entertained by giving two history plays composed by themselves.

Mrs. Wheeler's pupils exhibited some very clever projects representing different phases of their 6B history. Miss Steinerger believes that these two classes have profited much by this novel and rather unusual way of exchanging ideas.

Ben Stinman Resumes His Battery Works

Ben Stinman, who has been working in Monrovia for the past few months, announces this week that he is back at the old stand in Sierra Madre, operating his battery and electrical shop in connection with the Wistaria Service Station.

"Ben the Battery Man," as Mr. Stinman is commonly known, has been missed in the business section of the city and is welcomed back among his friends.

R. W. Stewart Will Serve on Census Board

Heads Advisory Committee to Assist Here and In Arcadia

Ralph W. Stewart, city councilman of Sierra Madre and commander of this district for the American Legion, has been appointed by Capt. C. E. Chenoweth, supervisor of census for the Fifteenth district of California, to be chairman of the advisory committee to assist in taking a poll of the population in the territory of Sierra Madre and Arcadia.

Other members of Mr. Stewart's committee are, Mrs. W. C. Gruit and W. D. Richards of Sierra Madre, and William Atkinson and Nellie Pickard of Arcadia. Mr. Atkinson is associated with the American Legion and Mrs. Pickard is city nurse of Arcadia. A luncheon meeting of the committee was held in Arcadia last week to work out plans.

Duties of the members of this advisory board are to assist Capt. Chenoweth in every way possible, particularly in putting over an educational campaign whereby the various civic organizations will be contacted and their members brought to cooperate in getting people in the proper frame of mind to aid the census takers in completing the work in the short time prescribed.

"The preliminary organization and systematizing of the work is a tremendous undertaking," Capt. Chenoweth said. "The active work of taking the census will start April 2 and will last for fourteen days." The matter of getting a proper census in California is of vital importance for the reapportionment of congressional representation will be based on the 1930 census and this section of the state will show a greater gain in population, perhaps, than any other place in the country.

Funeral Services For Mary C. Walker To Be Held Sunday

Funeral services for Mrs. Mary C. Walker, grandmother of Mrs. Joseph L. Asbury of 220 East Central, will be held at the Ray A. Grant Funeral Parlor, Sierra Madre, next Sunday afternoon at 1:30 o'clock. Rev. Arthur O. Pritchard, pastor of the Congregational Church, will officiate, and Joe R. Eastwood will sing.

Mrs. Walker, aged 71, died Monday at midnight at the Georgia Street Receiving Hospital from injuries received at 4:45 that afternoon when she was hit by a truck in front of her apartment at 2002 Sunset Boulevard, Los Angeles. She spent last Sunday in this city visiting her grandchildren.

She is survived by one son, Will D. Walker of Glendora, and two daughters, Mrs. Mary E. Fitts and Mrs. J. B. Combs, both of Seattle, Wash. She also leaves four grandchildren and four great grandchildren.

Mrs. Walker was very active all her life in patriotic organizations, particularly the Woman's Relief Corps. She possessed an exceptionally keen mind, a cheerful disposition and warm heart that made her beloved by all with whom she came in contact.

Burial will be in the family plot at Denver, Colorado.

Sierra Madre Has Rapid Increase In Population In The Past Ten-Year Period

Roberts Market Joins Great Marketing Combine

Harold Roberts, proprietor of Roberts Market, announces that his business has become a member of the Certified Grocers, Inc., one of the largest co-operative buying organizations in Southern California. The corporation, which is operated on a strictly non-profit plan, according to Mr. Roberts, has among its members many of the outstanding grocery institutions such as the F. C. Nash Company of Pasadena.

Due to the alliance with the Certified Grocers, Mr. Roberts states that he has been able to make reductions in the prices of almost every grocery item in his store, owing to the enormous buying power of the co-operative organization.

Each week Roberts Market carries an announcement on the back page of this paper which will prove of even more interest than ever to thrifty housewives.

Lee Shippey's Book Meets With Favor "Makes" Author

Lee Shippey, columnist and author, addressed the California Library Association at a luncheon meeting held in San Diego last Saturday.

Mr. Shippey is much in demand as a public speaker, especially since the publication of his book, "Personal Glimpses" which is meeting with such widespread favor. Just this week The Sierra Madre Press, through which the volume was printed, received an order for 20 copies for the Los Angeles Free Library and a repeat order for twelve copies from Walt Mason of La Jolla.

The second thousand books are already well sold and Mr. Shippey's success as an author is thoroughly established.

Ogg Again Chosen To Lead Flock

Annual Report of Bethany Is Given and Officers Are Elected

At the annual election and business meeting of the Bethany Church held last Friday following a 6:30 dinner, the Rev. Wm. Duncan Ogg was chosen to serve his third year as pastor of the church. The various officers who were elected to carry on the work of the year with Mr. Ogg are as follows:

Roy Edwards, Bible School superintendent; Mrs. W. A. Evans, corresponding secretary; Wallace Merrill, treasurer; Joseph R. Evans, church clerk; W. A. Evans, financial secretary; J. O. Smith, Richard Jensen and Wm. Montgomery, trustees; Daniel Rowlands and John Harvey, elders; S. I. Merrill, deacon.

The treasurer's report showed all bills paid and a balance on hand. The church enrollment has increased 44 per cent during the past year, and the various departments are all active and flourishing.

The pastor expresses his appreciation at being asked to serve another year, his third with the local congregation, and outlined an extensive program for 1930.

A 90 per cent attendance of resident members at Sunday services; a family altar for every home; regular, loyal and enthusiastic giving; and a Biblical educational program from birth to death, were the goals accepted by the church for 1930.

Mrs. E. Fordham To Be Hostess To Auxiliary

The Ladies Auxiliary of the Temple Beth Israel will hold its regular meeting on Monday Evening, February 17, at the home of Mrs. E. Fordham, 374 West Central Avenue, Sierra Madre. All the members are urged to attend as matters of great importance will be discussed.

January Retail Business Best In Two Years Say Big Dealers

Percentage of Increase Keeps Pace With That of Los Angeles

Anyone who questions the rapid and steady growth of Sierra Madre for the past nine years would have had his eyes opened if he had noticed an article in the Los Angeles Times just the other day relative to the percentage of increase in population of various cities of Southern California during the period of 1920 to 1929.

Los Angeles has increased its population 148 per cent while Sierra Madre, in spite of all the pessimists, fell short of that mark by only 2 per cent. In 1920 the population of this city was only 2020, while the estimated number of inhabitants today is 5000, which represents a growth of 146 per cent.

This record exceeds that of Upland, Hemet, Covina, Orange, Venice, Ontario, Glendora, Anaheim, Riverside and many other cities which are regarded as very prosperous. It is nearly double the percentage of increase in Pasadena, which was only 87, and is nearly as high as Monrovia, which increased 157 per cent. Take it all the way thru San Gabriel Valley Cities were well up to the top of the long list in percentage of increase.

Other indications that this city has every reason to feel encouraged with growth is the report from most of the local real estate dealers that January, 1930, was the best month for property rentals that they have experienced in more than two years.

Building permits taken out in 1929 were nearly double those of the preceding twelve months, and dealers report that inquiries from buyers are increasing rapidly. A number of real estate sales have been reported to this office this week, including the purchase of the McClosky home at 250 Santa Anita Court by Mr. and Mrs. G. I. Poulter of the Sanitary Barber Shop. C. J. Harriman states that he sold the home at 38 Windsor Lane to Robert Babbitt, local plumber, and the house at 315 West Highland to Charles Feder.

Franciscan Will Conduct Mission at Episcopal Church

The Franciscan friar, Father Joseph, who will conduct a Mission at the Church of the Ascension beginning Sunday morning, Feb. 16, offers the people of Sierra Madre both an unusual and a most valuable opportunity to grasp the meaning of Christianity in one of its most tested and surely most beautiful forms. The sons of Francis, "the greatest Christian since Christ," have both lived and preached a practical, humble and social form of religion, loving all life, animal, as well as human, and going forth out of their monasteries to win men to their simple but all-embracing ideal.

A Mission brings the people into a rather close and repeated contact with a spiritual leader over a number of days until the "mind" of the teacher becomes to some degree the spirit of his hearers. This is the reason for coming, and for coming regularly to Mission services.

Also there will be a question box. The question box is the outward connection between Missioner and congregation. Into it anyone may drop written queries on spiritual problems, or church customs, or teachings, or on the various conflicts we find in modern religious life; all these Father Joseph will answer during the evening Mission services.

The mornings will be given to pleading the Holy Sacrifice at the altar. The 7:30 p. m. service will not be Evensong, but a special non-ritualistic service of hymns, intercessions, instruction and sermon. Attend the Mission!

A last-minute influx of advertising caused the necessity of eliminating those three good and popular features, "Fire Flames," "Hot Lead," and "The Glad Column." We offer apologies to the writers and regrets to readers.

Down-town Distict To Put on Gala Holiday Attire

(Continued from Page One)

ent city ordinances covering dead fruit trees, which are a menace to bearing trees and an affront to the eyesight. This matter has been before the board and the council for almost a year, and it is hoped that early action may be secured. Ralph W. Stewart was appointed a committee to confer with the council.

If the members of the Woman's Club can receive the proper cooperation, the vacant lots in this city will soon blossom with poppies and other wild flowers, instead of bearing the annual flourishing weed crop, according to a statement by Mrs. Griebenow, who urged Chamber of Commerce to aid in putting over a program to this effect. It is pointed out that many property owners try to care for their property by plowing, but that the work is usually done in the fall, plowing under the ripened weed seeds and giving them a good start for the following year. If the plowing could be done in the spring, followed by the planting of poppy and other wild-flower seed, vacant property in this city would blossom profusely and add immeasurably to the beauty of the city. The city council will be asked to cooperate by passing the necessary ordinance covering the matter. If the plowing can be enforced, rather than resorting to destructive weed-burning later in the season as a means of fire-protection, a means will be found to provide sufficient seed to carry the project through.

Miss Laura E. Cadmus, chairman of the entertainment committee, reported that plans are already in formation looking toward a fine series of concerts and dances during the coming summer. This will be a continuation of the program carried on during the past three years by the Chamber of Commerce.

Ways and means will be effected this year, it is believed, to make the dance series self-supporting, probably through sale of tokens at the gate. The attendance at each of the dances during 1929 was more than satisfactory, but many who attended failed to cooperate in the matter of finances, leaving a deficit following each dance.

The expenses of the last dance of the series was practically all absorbed by Wm. Middough of the Sierra Madre Drug Co., who paid the entire charge for the 5-piece orchestra.

A request from Judge C. W. Forman asking the cooperation of the chamber in arranging a chess tournament during June, was presented and acted upon with favor. The plan will be to invite chess players from all the towns and cities in the San Gabriel Valley to enter the tournament, probably with a restricted number of entries from each city, the entries to be chosen thru the medium of elimination contests. Letters will be sent to the various communities at once, seeking to arouse interest in the tournament. Judge Forman was appointed chairman of the committee, with power to appoint his own co-workers.

Chess enthusiasts in the city will be interested in the development of the plans, announcement

concerning which will be made from time to time.

Membership fees for 1930 are now due. The policy of the present board is to conduct all affairs of the chamber in an economical manner, but certain expenses are absolutely necessary if the organization is to function effectively. Everyone already enrolled as a member is urged to forward a check immediately to R. C. Copenhaver, secretary, or R. R. Hartman, secretary. There is still a balance in the treasury, and all accounts are paid to date, the chamber being in very good financial condition but without sufficient funds for development of the work desired during the coming year. An early and willing response to this appeal to the membership is urged.

Chief W. D. Richards of the Fire Department appeared before the board and asked permission to solicit advertising for the California Firemen, a magazine devoted to the welfare of the firemen in every city in the state. The magazine is a non-profit organ, supported by advertising matter from the various communities it serves. During the ensuing discussion Mr. Eastwood called attention to the fact that the local department had received much favorable publicity in the magazine, and would get more in the future, due to the fact that the local department is recognized thruout the state as being one of the most efficient volunteer organizations on the coast. In view of the fact that the magazine is non-profit, deriving funds for publication purposes only thru advertising and subscriptions, the board recommended that the chamber donate \$15 toward a sum of \$100 to pay for a full page advertisement, and asked the advertising committee of the Merchants Association to give the project its official o.k. The following communication from Mr. Richards covering the proposal is self-explanatory:

To the Public at Large:
I am making this direct appeal on behalf of your Volunteer Fire Department. For the benefit of those who do not know, I wish to state that every member of your department belongs to the California State Firemen's Association. Each month we receive our magazine, from which much knowledge is gained in regard to fire-fighting and fire prevention.

This magazine has a circulation of over six thousand and goes into every city, town and village in the state. From time to time Sierra Madre has had articles and

pictures in this magazine, which is good advertising.

Now our magazine is no exception to the rule—its only support is through advertisements. It is now our turn to supply some of these advertisements. Feeling that every citizen in Sierra Madre is deriving the benefits of any efforts that we may put forth I am appealing to the public at large. A full page in our magazine in two colors is \$125; in one color, \$100; smaller ads are more in proportion.

I realize that our citizens have just gone thru three drives, the total amounting to over \$2000, all within the last three months. Therefore the department does not intend to do any soliciting.

Anyone wishing to contribute toward a Sierra Madre advertisement in our magazine may do so by leaving it at the News office or giving it to any member of the department. All contributions must be voluntary. The size of adv. will depend on amount of money contributed. Let's make it a full page in two colors.

Hoping this appeal meets with your approval, I beg to remain,

Respectfully yours,

S. M. Vol. Fire Dept.

By W. D. Richards, Chief.

P. S.: Anyone wishing to place a small separate ad may obtain rates from me.

Present at the meeting Monday evening: Miss E. R. Green, Mrs. W. C. Gruit, Mrs. Henry Olsen, C. B. Klunk, W. R. Humphries, J. E. Carpenter, J. C. Heasley, Bob Davies, Miss Cadmus, R. C. Copenhaver and Joe R. Eastwood.

CELEBRATION—
After attending the annual dinner at Bethany Church last Friday evening, Miss Doris Bayard was led by friends to believe that she was being taken to a play when pretext was made to drive by her home.

Surprised to find the house ablaze with lights and a number of cars parked about, she entered to find a group of friends assembled to celebrate her birthday, having been invited by Miss Regina Soper and Miss Lorraine O'Banion. Most of the guests were old Broad Oaks schoolmates. Among those present were Nina Burrey, Filmore; Gwyneth Kinf, Regina Soper, Queenie McIntosh, Carol Swanstrum, Winifred Kelly, Pasadena; Doris Leffer, Los Angeles; Mary McClure, Oceanside; Alta Tompkins, Glendora; Mrs. Frances Dakin, South Pasadena; Mrs. Valley Pittman, South Pasadena; Mrs. Julia Farm, Milwaukee; and Lorraine O'Banion, of Sierra Madre.

AUXILIARY GATHERING NAMES OF CHILDREN

National headquarters of the American Legion Auxiliary has requested all their units to procure the names of the children up to 12 years of age, of all ex-service men or women. These names and history of service record of parents are to be filed for future reference.

Mrs. Ben Stinman, as historian of the Sierra Madre unit, will explain and furnish blanks for this "cradle roll."

The next meeting of the Auxiliary will be held Thursday, Feb. 13, and will be celebrated as the fifth birthday of this unit. Mrs. A. T. Evans will be hostess to the members.

MEETING OF PRISCILLAS IS POSTPONED—
Owing to Reciprocity Day at the Woman's Club being scheduled for February 13th, the Priscilla meeting has been postponed to February 27, when Mrs. Corlett and Mrs. Burbank will entertain at the home of the former.

VALENTINE PARTY AT CHURCH—

The Friendship Club of the Congregational Church will hold a Valentine party Monday night in the Ladies parlors. All young women of the church and community are cordially invited.

Mr. and Mrs. Easton Dorian of Los Angeles, Miss Virginia Rickard and Mr. and Mrs. Philip Senour were guests of Mr. and Mrs. Irving Ward at their home Sunday evening.

Jack Young, son of Mrs. Herbert Clark, will return from Honolulu Saturday and expects to resume his studies at Pasadena Junior College Monday at the start of the new semester.

Several Sierra Madre movie fans were attracted to Arcadia over the week-end by the announcement in the News that the Arcadia Theatre had been opened with the latest equipment, including the very latest and best sound screen that the "talkie" market affords. J. I. Niles, owner, has modernized the house in every way and has booked many of the best first-run pictures for his theater. Two fine projectors, comfortable seats, a well-ventilated house and the best pictures procurable constitute Mr. Niles' bid for the patronage of local theater goers, and many are taking advantage of the close proximity of the theatre to attend regularly.

'Flying Dutchman' To Be Presented By the Opera Club

On Saturday evening at 8, the San Gabriel Opera Reading Club is to present in the Colonial Theatre, Monrovia, Wagner's "Flying Dutchman." This performance promises to be the most conspicuous and worthwhile occasion thus far in the club's season.

The artists, chosen from among the best known in Southern California, who are to sing the principal roles are as follows: Lora Lamport Comer, soprano, "Senta"; Fred Leedom Scott, tenor, in the dual role of "Huntsman" and "Eric"; Ernestine Wheatley, soprano, "Mary"; Fritz DeBruin, baritone, as the "Flying Dutchman."

The Chaminade Lyric Club will provide an added attraction in singing some of the choruses.

The present opera is of an entirely different type from any on the club's program this winter and therefore will draw upon an increasingly large number of music enthusiasts.

Frederick Vance Evans, well-

known lecturer and conductor, will lecture briefly before the musical program begins. The accompanist for the program is Mattie B. Peck. Tickets for the performance may be secured at the door. Extra tickets for members will cost only \$1 this time. Non-members will be admitted for \$1.25.

Henry G. Wagner and family, 77 South Lima Street, are enjoying a pleasant visit with the former's mother, Mrs. Frank Wagner, and daughter, Dorothy, of Chicago, who are contemplating spending the winter here.

PERVERTED JUSTICE

IT ISN'T MUCH WONDER that people
are inclined to be critical of our courts at
times. Almost every day we read of flag-
rant cases of perverted or frustrated jus-
tice that make us question whether or not
right really does rule.

Southern Californians are still smarting
over Judge Hardy's leniency in releasing
Mrs. Alexander Pantages, convicted of man-
slaughter, from serving her jail sentence
upon the plea that her health would be im-
paired by confinement in prison. No doubt
any of us would find such experience rather
unhealthy but we "average folks" would
probably have to "take our medicine" and
make the best of it.

Considerable consolation, however, is
found in the fact that "Alex" Pantages
himself, with all his money and influence,
has so far failed to move Judge Frick of
Los Angeles from his commendable deter-
mination to make Pantages pay the penalty
in full for the crime of dastardly assault of
which he was convicted by a jury of his
peers. It seems rather strange that the
health of both Mr. and Mrs. Pantages should
become so suddenly impaired, for they cer-
tainly had been able to lead quite a gay
life up to this time, judging from the evi-
dence submitted at the trials. In fact, Pan-
tages was evidently in quite good fighting
trim for a man of his age, we would say.

Then there comes the court report from
a Sioux City, Iowa, court that a 50-year-old
man was sentenced to serve but five years
in the "pen" for criminal assault on a 7-
year-old girl, while in the same session of
court, another man was given ten years in
the same prison for entering a house with
intent to rob? Shades of Solomon! Is it
any wonder that there are Bolsheviks?

But, cheer, up, folks. Municipal Judge
Charles L. Bogue, of Los Angeles, has just
sentenced George Scarborough, author of
the stage show "Bad Babies" to serve 90
days in the city jail and imposed fines of
\$300 on each of five members of the pro-
ducing cast. Judge Bogue brought the
startling proceedings to a close by condemn-
ing "people who would sit through such a
show" and declared he "would deal with
them the same as he dealt with the actors
if they were brought before him." That's
about the same sentiment as we are begin-
ning to hear which would make the fellow
who drinks "bootleg" liquor equally guilty
with the one who makes it or sells the stuff.
In neither case would the producer thrive
without the aid and abetment of the con-
sumer. Three cheers and a huzzah, say we!
All is not yet lost.

What this country needs after all, be-
sides a "really good five cent cigar" is not
a greater volume of laws to restrict and
entangle the law-abiding citizen and thus
make more "technical law breakers," is the
proper machinery and moral stamina to
speedily enforce basic laws, uncontaminated
by politics, pull or sponulix.

PERSONAL SERVICE

FEW misunderstandings of service are
greater than the idea that check char-
ity is the highest type of service. Money
is required to do most work but the very
highest type of service is done in person
without the aid of a check book.

A glance at the Kiwanis objectives show
that the greatest emphasis in our program
of under-privileged child work is on person-
al contact with, and assistance to, an in-
dividual child. This service is of infinite
greater value to a child's future than any
which can be done with money alone.

Kiwanis promotion of an aggressive citi-
zenship is almost entirely a matter of exem-

plifying the principles which we try to
teach. There is little use to urge on others
a citizenship we do not practice.

The same thought holds true in Kiwanis
business; the best teaching of business
standards is the examples set in the prac-
tice of one's own business.

Little if any money can be used in the
promotion of a better understanding be-
tween farmer and city man. The establish-
ment of a kindly personal relation between
farmer and individual Kiwanian is not a
financial personal service!

Vocational guidance and placement are in
the same class. Money is not needed in
this work but personal contacts with the
boy or girl during formative periods, when
most square pegs get wedged for life in
round holes, resulting in personal unhappi-
ness and commercial waste.

No man, Kiwanian or not, can excuse
himself for not doing good works because
of lack of money. The most important of
all such work is of a personal rather than a
financial nature. A word of sympathy, a
bit of helpful understanding, goes much fur-
ther than an open purse or a free-writing
check pen.—The Kiwanis Magazine.

... AND THEY EAT!

(A Sermon De Luxe)

BEHOLD! The lodge lodgeth together
and they eat. The club clubbeth to-
gether and they eat. The business men
take counsel together and they eat. The
church hath a social and they eat. The
young people's society elect officers and
they eat. And even when the missionary
society meeteth together they eat. But this
latter is in good cause, because they eat in
remembrance of the poor heathen who have
not much to eat.

Behold! Hath man's brains gone to his
stomach, and doth he hold so little regard
for intellectual dainties that thou can'st no
longer call an assembly or get together a
quorum, or even a baker's dozen, except
thou holdest up the baker's dainties as bait?
Be it true that the day cometh when, to
get a crowd at a prayer meeting, the
preacher must hold up a biscuit?

Yea, verily, thou hast heard of the child-
ishness of the world. But behold it is nigh
thee, even at the door. For as on who call-
eth unto the child and sayeth, "Come hith-
er, little one, and I will give thee a stick of
candy," even so must thou say to his grown-
up papa and mama, "Assemble ye together
and we will serve refreshments." And lo,
they cometh like sheep into a pen.

Ain't it the truth?—Exchange.

SPRINGTIME IN CALIFORNIA

SPRINGTIME in California! To the na-
tive Californian, the fact that the hills
are green, the fields plowed and the crops
planted, flowers blooming and the trees be-
ginning to show their first faint tinge of
green, is accepted as a matter of course,
but to those from the Middle West, and
from the East, it is a source of never-ceas-
ing wonder.

In those states the ground is frozen and
covered with snow, with never a living
thing daring to show its head, and with the
first touch of spring still two months away.

To readily enjoy this time of the year,
get into your car and drive to the foothills
where every knoll is covered with a delicate
carpet of green, or through the fields and
orchards with their deep brown loam turned
to the sun—and then send up a thanksgiv-
ing that you are living in California.

THE WEEKLY NEWSPAPER

THE country newspaper is becoming more
and more a community newspaper—the
community in the sense that towns and
smaller cities from one to five thousand pop-
ulation are gradually spreading into the
rural regions.

The rural and interurban population have
so much in common, with the telephone,
rural mail, parcel post and better highways,
that they are more like one big neighbor-
hood. More farmers are building homes in
towns and smaller cities to give their chil-
dren the advantages of high schools, col-
leges and business opportunities. In all
lines of social development the community
newspaper is playing its part and is becom-
ing a more valuable property from an ad-
vertising standpoint and as a leading factor
in the cooperative growth of city and country.

"Mohammed Pasha El Bassal is chief of
the Bedoin tribes in Egypt and an import-
ant factor in riling the country," says the
San Francisco Chronicle. It is seldom that
typographical mistakes make as timely an
appearance as that.

The trouble is that all the countries want
all war-dogs muzzled except their own little
pets.—Savannah News.

News Notes from Here and There

First conviction for violation of
a recently enacted anti-handbill
ordinance of Beverly Hills was
made in December when Sam
Gold, cleaning establishment op-
erator, pleaded guilty of passing
out "dodgers" in that city and
was fined \$10. Gold was arrested
while throwing a small quantity
of the bills on Beverly Hills
lawns.

Jobyna Ralston, star of "Bad
Babies," George Scarborough, au-
thor of the show, and four others
were fined or given jail sentences
when they were found guilty of
producing an indecent show in
a Los Angeles theater recently.
The case was held in Municipal
Judge Charles L. Bogue's court.

Figures regarding airplane ac-
cidents during the first half of
1929 showed that more than 59
per cent of all aircraft accidents
in the period were recorded by
those flying machines; nearly 19
per cent were due to engine fail-
ures; nearly 9 per cent was
charged against weather, darkness
and undetermined causes.

With the usual newspaper
frankness concerning the great,
it is rumored that Mr. Stork is
expected to bring another high-
flier to the Lindbergh home some
time this summer.

Washington is preparing for a
"terrific" jubilee in honor of
Commander Byrd and his intrepid
crew from the Antarctic fastness.

The rate of industrial employ-
ment has been increasing at the
rate of about 3.3 per cent a
week since the beginning of Janu-
ary, and reports received at the
White House in Washington indi-
cate that increased activity in the
larger industries is taking up all
the slack by making jobs for
everybody.

Celebrated Artist Comes to Pay Visit To Writer Friend

now making their home at Taos,
New Mexico, arrived Monday
evening for an extended visit with

High Death Rate Of Young Women Baffles Science

That the high death rate from tuberculosis among young women is still baffling medical science was brought out by Frederick Hopkins, executive director of the National Tuberculosis Association, who is here to make a survey of local conditions and confer with secretaries of Los Angeles County and City Tuberculosis Associations.

"Although the total death rate from tuberculosis has decreased not only one-half of what it was in former years, but soon will reach the one-third mark, the toll taken during the years from 15 to 45 years is still high, and that among young women shows little decrease," states Mr. Hopkins. "Our studies should therefore be directed towards special groups that bring about the death rate."

Mr. Hopkins stressed the importance of medical research as carried on by the national association. He stated that although the change of the mode of dress and living among young women has been given as the contributing cause of tuberculosis among girls, the real reason has not yet been learned and that for this purpose a study is to be made of 1000 young women afflicted with the disease. A study is also to be made of industrial workers and other groups showing a high death rate from tuberculosis.

Another important work of the national association is the standardization of audit and budgeting so that local associations may have the advantage of progressive and efficient business methods of expenditure of funds and attain the greatest result.

This year's program is to be directed chiefly toward the problem of early diagnosis among children in an effort to check the disease in its early stages and through health education to eliminate conditions which may contribute to the disease. This is in line with the program outlined by the Los Angeles County Tuberculosis and Health Association, and which it is hoped may include school children in Sierra Madre. The scope of the association's activities depends, however, on the return of the recent Christmas Seal Sale in Sierra Madre, which are still incomplete and show a shortage. Checks may still be sent to the association headquarters, 132 West First Street, Los Angeles.

AGAINST the background of old style tube sets and ordinary make-shift screen-grid sets this new perfected super screen-grid circuit radio stands out with decided distinction.

Not alone because of its beautiful realistic tone. Not alone because it has exclusive needle-point selectivity. Not alone because of its desirable surplus power for volume and distant reception. But even more because the buying of an Atwater Kent Screen-Grid radio is an investment in a value of recognized and established certainty.

If it were priced comparable to the present standard of radio merchandise, it would be the most costly radio made . . . because in the new "60" and "55" you will find quality and dependability as well as performance, that far surpasses the rest in every detail.

Contractor Answers Termite Questions

Why such a sudden scare about termites?

Termites have been in this locality for at least 30 years, but due to the scanty population and the fact that no much water had been used around the houses for irrigating shrubs and trees, the termites have multiplied slowly up to recent years.

The author of this article has inspected old, unoccupied houses where the underpinning has been resting on the ground for 20 years and not a trace of termites was found. He also re-inspected some of these same houses after they were inhabited and where tenants irrigated extensively around the houses and have found them to be alive with termites. Such places as these are our worst breeding grounds for the spread of subterranean termites.

Will we find termites in good houses where the foundation is concrete?

Answer: There are three places about a good house where termites are most likely to be found. First, in nearly every house where a concrete porch adjoins it, you will find an infestation of termites between the dirt fill and the first joist. From there they will work between the hardwood floor and the sub-floor, and there they spread very rapidly.

Termites entered the Woman's Club House and from there spread until it cost several dollars to exterminate the termites and replace destroyed wood.

Watch for further information.

The piano classes of Wilson junior high, under the direction of Miss Mildred Robinson, gave a recital recently which was much enjoyed by those in attendance. Among those who appeared on the program were Marjorie Stinman, who played "Clouds," by Bragdon; Marjorie Ashmore, "Song of the East," Scott; Martha Newton and Norma List, "Canzone Ambrosia," Nevin; and Martha Newton, "Spanish," by Moskowski.

Woman's Club Notes

Thursday, Feb. 13, is Reciprocity Day at the Woman's Club. It is the plan to make Reciprocity Day as nearly an all Sierra Madre day as possible, featuring our well known artists, Oscar Rasbach, composer-pianist, and Mrs. Janet Stevenson Wood, soprano. An art exhibit will contain miniatures by Miss Ella Shepard Bush, and paintings by other local artists.

Mrs. Thomas G. Winter will address the club at the afternoon session. Mrs. Winter is past president of the General Federation of Women's Clubs and is associate director of public relations for the Association of Motion Picture Producers.

The reciprocity breakfast at 11:30 will be in charge of Mrs. Wm. Lees and Mrs. F. L. C. Roess, at 75c per plate. Owing to the large number of out-of-town guests, local guests will not be admitted on that day. Notify Mrs. Dickson, Red 68, or Mrs. E. H. Porter, Blue 172, for breakfast reservations.

Mrs. Wm. H. Wolf and Mrs. Ethel Davis attended the Temple City Woman's Club Reciprocity Day last Friday, representing the local club. Mrs. John H. Robertson, president of the local club, and Mrs. Wm. Lees, attended Reciprocity Day at the Alhambra Woman's club Wednesday.
